These are the sites that I am recommending to brief Sam and Pam on tomorrow (3/24/11) starting at 3:00 pm. The briefing for your sites should include everything that is scheduled (commitment) for this FY, ROD, CC, RA completion. For these quick briefings, we will just provide a fact sheet and site figure. I do not believe that we need to do the power point presentations. If you are not in the office, please send to me an updated fact sheet/write up of the current status of your site activities and what is coming up in the next few months so that I can do the briefing. Also send an updated Critical Path Schedule for site(s). Thanks CAS
